1	Grey rattan garden chair	Upper Terrace	 A photograph of a grey rattan garden chair in a workshop. The chair is positioned in the center of the frame, facing slightly to the right. It has a curved backrest and a seat. In the foreground, a red bag with the white letters 'PAR' is visible. The background shows wooden shelves and various tools, suggesting a workshop or storage area.

2	Black folding high stools	Balcony	 A black folding high stool with a curved backrest and a seat, positioned in a cluttered indoor space, likely a workshop or storage area. The stool is made of metal and has a black fabric seat and backrest. The background shows various items, including what appears to be a workbench and other equipment.

8	Brown wooden chair with green cushion	Balcony		Some of these have a slightly different back
6	Black wooden chair	Upper Terrace		5 identical chairs plus 1 with a slightly different grey frame – can bear weight but won't be able to take lots of bashing about so please be sensible!

1	Chair with red velvet cushion	Balcony			This has been reupholstered a few times, so there is some flexibility with the design – you could use a different coloured fabric if necessary
3	Brown wooden chair with red leather cushion	Balcony

5	Black Metal Folding chair	Upper Terrace - hooks

2	Old tables with X ends	Doug's Boudoir		<p>Might need a bit of TLC</p>

1	Brown wooden desk	Doug's boudoir			Office desk – sturdy but a bit worn, could use some love!
1	White metal garden table (matching chairs)	Upper Terrace - shelf			This has been spray-painted white (it used to be green), so may need a bit of a touch up depending on how recently it has been used!

1	Red Leather sofa	Lower terrace		<p>This has been used <u>a lot</u>, as you can see from the worn out leather cushions – there is no easy way to reupholster the whole thing, but it looks just as good with blankets/ cushions thrown over it to hide most of the wear/tear.</p>
