Toolcodes

Last updated 15/10/26 by AS

If you have personal tools you use at the ADC, you can request a toolcode to keep track of them. A toolcode is two colours of PVC electrical tape (you can buy this from sundries) which you can attach to your tools to identify them as yours. If you find tools with tape on them, they likely belong to someone; the following list contains toolcodes in current use, so things can be returned to their owners (or to the 'other people's tools' bin in the personal tools cupboard in the Paint Dock).

If you want a toolcode, find an empty one in the list below that you like and email technical@adctheatre.com to request it. If you have previously had a toolcode and it does not display below, please contact the Technical Manager to have it reassigned to you or to have a new toolcode allocated to you.

1st Colour	2nd Colour	User	1st Colour	2nd Colour	User
Black	Blue	Charlie Jonas	Earth	Green	Lucas Smith
